A VALUABLE MAN.

One of the Most efficient Officers of the Plant System.

One of the most popular and valuable aides in the passenger department of the Plant system is Division Passenger Agent F. M. Jolly, with headquarters at Tampa, Fla. He has under his charge about one thousand miles of road and has brought to Tampa, Port Tampa and Picnic island within the past three months twenty thousand excursionists. This excursion feature has been inaugurated by Mr. Jolly and its success has been unprecedented in railroad affairs. Every excursion has been a first-class advertisement for Tampa, at the same time bringing many dollars into the city for general distribution. So carefully managed have been these excursions that not a single accident nor even misadventure has occurred. Mr. Jolly also represents the passenger traffic of the Plant system steamship line running between Port Tampa and Havana. This popular gentleman was added to the Plant system by Col. B. W. Wrenn, who knew of Mr. Jolly's excellent passenger qualifications, he having been district passenger agent of the East Tennessee, Virginia and Georgia railroad at the time of Col. Wrenn's incumbency as general passenger agent of that line. Mr. Jolly has gradually, but firmly, ascended the ladder of railway life from the bottom, being an illustration of the potency of brain and brawn combined with those fascinating qualities of good nature and charming personality that comes as a heritage and is a boon to all. He commenced railroading with a shovel in his hand for the Florida Central and Peninsular railway on his sixteenth birthday during the summer of 1876. He soon afterwards entered the construction department in a higher capacity and helped later on to build a part of the lines now composing the great Plant system. In 1883 he became agent and operator of the Plant system at Hawthorn, Fla., and was soon promoted to the agency at Leesburg, and subsequently made traveling freight and passenger agent. In 1889 he was made district passenger agent of the East Tennessee, Virginia by Col. Wrenn. Two years afterwards he was transferred to Dallas as western passenger agent of the E. T. V. & G., of which the Memphis and Charleston was at that time a part, his services being retained by the latter road when it became an independent line in 1894. His present appointment took place in the winter of this year and is doubly complimentary, being a promotion as well as a recognition of worth from his former and present astute chief, Col. Wrenn.

Mr. Jolly is a young man yet, who, if the future can be judged by the past, deserves to be raised to a higher and more important place. He is a native of Florida with an unlimited number of friends and acquaintances.—Atlanta Constitution.
